SECRETARY'S REPORT:

We currently have 263 signed up at this point with 64 not having renewed as yet. Received a new member sign up that will be held until October 1st.

TREASURER'S REPORT:

Paul gave an explanation of the Edward Jones Fund Account and talked about why it exists and is still being held separately. Money was to cover certificates paid out years ago that cannot expire due to California law. Many were lost over the years by members, or were used by members at local merchants, but the merchants did not redeem them for unknown reasons. Many years ago, the fund used to draw considerable interest and the funds were used as a board discretionary fund. But of late, no one pays any kind of appreciable interest so Paul is considering closing the account and moving it over to a different account and show the amount as a separate ledger entry. We would still have to cover any certificates that may be found and presented.
